Education

University of Washington Bothell

June 2027

Bachelor of Science in Electrical Engineering

Relevant Coursework: Attending Fall 2025

Whatcom Community College

June 2025

Associate of Science in Electrical and Computer Engineering

GPA: 3.81/4.00

Relevant Coursework: Engineering Physics 1-3, Calculus 1-4, Differential Equations, Linear Algebra, Chemistry 1-2, Data Structures and Algorithms

Experience

Lead Medical Assistant

Bellingham, WA

Bellingham Bay Ophthalmology

May 2024 – Present

- Provided leadership and training to a team of ophthalmic technicians, ensuring adherence to best practices and clinical excellence
- Assisted ophthalmic surgeons in refractive surgical procedures
- Trained and mentored staff on diagnostic testing, surgical assistance, equipment operation, and sterilization protocols
- Performed comprehensive patient workups, including vision testing, dilation, intraocular pressure measurement, and thorough documentation of patient history and diagnostic results
- Maintained and calibrated specialized refractive surgery equipment
- Oversaw patient preparation, including reviewing medical histories, providing pre and post-operative instructions, and addressing concerns
- Monitored patient vitals and comfort during procedures, offering support as needed
- Conducted post-operative assessments, provided patient education, and assisted with follow-up care
- Ensured compliance with healthcare regulations, infection control, and patient confidentiality standards
- Contacted patients to confirm upcoming appointments and communicate lab results
